10th February 2025

Dear Families

I hope you have had a lovely weekend. I am writing to share the results of our recent wellbeing survey conducted with the majority of our children at Water Primary School. We believe that it is important to keep you informed about these findings, as the wellbeing of our children is a fundamental aspect of their educational experience and overall development.

We're really pleased to say that the results were overwhelmingly positive! Most of our children reported that they feel happy and safe at school, which is fantastic. It's great to know that they feel secure enough to focus on their learning. Many children also mentioned that they know who they can talk to if they ever need support; showing that they feel comfortable reaching out to the adults around them.

Another wonderful takeaway is that our school is seen as a friendly place. Most children believe they know how to be a good friend, and that's something we are very proud of. It reflects the hard work we've been putting in to promote kindness and friendship throughout school.

This year, we've spent a lot of time helping our children recognise their feelings and learn how to rebuild friendships when things get tough. We're going to keep this going into the next academic year because it's so important for their social skills and emotional growth.

The insights from our survey are invaluable in helping us adjust our approach and ensure every child feels safe, happy, and included at Water Primary School. Your support in encouraging these values at home is truly appreciated and makes a big difference.

Thank you all for being so involved in our school community. If you have any questions or want to chat further about the survey results, please feel free to reach out. Let's work together to keep making Water Primary a wonderful place for our children!

Many thanks,

A handwritten signature in black ink that reads 'E. McKay'. The signature is written in a cursive style and is enclosed in a light grey rectangular box.
