Monday 19th October 2026

Dear Families,

At Water Primary School, we are always looking for ways to strengthen our partnership with families and ensure that you feel well-informed about your child's learning, progress and achievements throughout the year.

This year, we have made some changes to how we report your child's progress. Our aim is to provide clearer communication, more opportunities to discuss your child's learning and a more detailed picture of how they are achieving in school.

What can you expect this year?

Meet the Teacher and Classroom Visit

In the Autumn and Spring term, will invite families into school for a **Meet the Teacher** session. This is a wonderful opportunity to:

- Visit your child's classroom and learning environment.
- Allow your child to proudly share their work and achievements with you.
- Look through your child's books and see their learning firsthand.
- Meet and speak informally with your child's class teacher.

Learning Snapshot

Following this event, you will receive a **Learning Snapshot** for your child.
This will include:

- Information about where your child is currently working academically.
- A comment from the class teacher about how your child has settled, their attitude to learning and the progress they are making.
- An overview of achievements and next steps where appropriate.

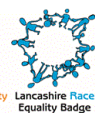

Optional Telephone Consultation

After receiving the Learning Snapshot, parents and carers will have the opportunity to book a **telephone consultation** with their child's class teacher if they would like to discuss:

Ofsted
Good
Provider

Attachment & Trauma
Aware School **ACE** Education

- Their child's progress.
 - Any questions arising from the report.
 - Additional support or next steps.
- (A separate letter will be sent with details of how to book a consultation.)

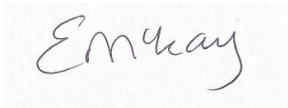

Building Stronger Partnerships

We believe that this approach will strengthen communication between home and school, provide a more comprehensive understanding of your child's progress and celebrate the many successes that children achieve throughout the year.

Please remember that these scheduled communications do not replace our usual contact with families. If we have any concerns regarding your child's learning, wellbeing or development, attendance and behaviour, we will always contact you as soon as possible rather than waiting for a Learning Snapshot or consultation period.

Thank you for your continued support. We look forward to working together to ensure every child thrives at Water Primary School.

Kind regards,

Miss E. McKay

Headteacher
