**Headteacher: Mr C Willan**

Dear Parent/Guardian,

Thank you to everyone for all your support and patience during the first few weeks of school. Your co-operation and help following our new systems and organisation is helping to keep us all safe. Thankfully we have had no cases so far in school and we have robust and rigorous processes in place to ensure we can limit the spread if necessary. We will, as always keep you updated with any developments.

Please can I remind you all, that the self-isolation period is 10 days from the onset of symptoms and a positive test, 14 days for the rest of the family. If the test is negative then children can return to school and normal life.

Remote learning and home learning is ready and teachers have planned in great detail for the instances where this is required. I believe there has been a small number of issues with Seesaw logins, please let me know if you are continuing to struggle with this and I will do all I can to help. Throughout this pandemic, our message has remained the same with regards to home learning, it will be there for you but we have no set expectations, only for you and your child to do what they can and try their best. We are here to listen and to help where we can. I have attached further information and advice on our dedicated webpage.

I would also like to thank our amazing staff at Water Primary School, their dedication and commitment to the school and your child. This has certainly been a positive aspect of this very difficult time. I am extremely proud of their professionalism, resilience and courage.

Finally, I just wanted to commend our brilliant children for their amazing attitude to school and learning. A number of children have been away from school for over five months, yet they are still eager to learn, please and do their very best. They are full of smiles, kindness and respect. Water School really is the best and with the best children in the world.

Yours sincerely

Mr Willan  
Headteacher
