

Class Learning Journey - Where does our food come from?

Name: _____

KEY	
English	Science
History	Art
Geography	

Objective	  
To understand that humans and other animals need food and water to stay alive	
To understand some of the stages food goes through.	
that food resources such as fish can become depleted	
to recognise changes in physical and human features	
To understand that we cannot grow the variety of food we want in this country and so it has to travel a long way.	
To understand the journey that bananas take from plantation to plate and to appreciate the lives of banana farmers	
To understand that food needs to be 'processed' before it reaches us and about some of the people involved in this process.	
To identify the differences and similarities between people by comparing our country to different places.	
To understand how a farm works and that it produces food.	
To recognise how the environment may be improved and sustained	
to form opinions about buying local produce or produce from abroad.	
To design a meal and write where each food in the meal comes from.	
Write a story set in a different country.	
To write a poem set in a different country.	
Write a set of instructions for a recipe
