Week Ahead

Half Term

Staff Inset Monday 7th June

All children back on Tuesday 8th June

## Welcome to our New Newsletter!

Each week Water Primary School will bring you news and information from the school through this digital Newsletter!

This week our Year 6 and Year 5 children set off on their residential experience to PGL. The children have already made so many wonderful memories and we can't wait to hear all their stories when they return.

Year 4 will be also experiencing the great outdoors when they visit Cornfield Farm Fishery to take part in a spot of fishing today> Look out for pictures and news on Twitter.

# TEKI HEALTH

This week we have informed our school community of an exciting new innovative trial called Teki Health. Staff and the children of Water Primary will be provided with healthcare advice and assessments on minor illness. Hopefully, this will result in better health outcomes, minimise disruptions to children's learning experiences and lessen the impact upon individual settings and parents/carers. Please note parents are invited to every consultation, either in person and virtually.

Please do not feel you need to consent to this. Some parents will be happy to consent, some others may not.

## Parent Consultations

You should have been contacted by your class teacher to arrange a five minute telephone conference call for after half term to discuss your child's progress and happiness in school.

If you have not done so already, please book in a timeslot with your child's teacher.

I hope you all have a wonderful and safe half term.

Please remember we have a staff training day on Monday 7th June and the children return to school on Tuesday 8th June.
