Headteacher: Mr C Willan

Dear Parent / Carer,

May I take this opportunity to welcome back all children and parents to school. I hope you had a fantastic summer and rest. It is wonderful to see so many children returning to school, eager to learn and looking ever so smart in their new uniforms. With regard to uniforms and tracksuits I have a meeting with Surridge shortly in order to eliminate future ordering and stock problems. Once again I do apologise for their delays and organisation this summer.

I would like to welcome all our new parents and reception children to Water Primary School. We are so pleased you have decided to join our family and already the children have settled so well. Pre-covid our policy was always to allow the children to attend full days immediately following summer, however we with the lack of inductions and transition days it would help the children, if the return was staggered. I know as a parent how frustrating the staggered starts can be, but thank you for your patience and hopefully because of this organisation your children will settle and flourish quickly.

We are just putting the finishing touches to our after school sport and curriculum club provision. Please look out for the details later today. Please note you will need to complete the online form. This link will be within the letter.

Please can you ensure we have the most up to date mobile phone number on our system. We send information regularly through text message. Please contact the school office.

Please can I also ask that families book meals, breakfast and after school clubs in advance.

You may have noticed a number of changes to school over the summer and unfortunately a number of these items are still ongoing, therefore I do apologise for the inconvenience this has caused to drop off and collections. Hopefully by the end of next week all works should have been completed. For those that do not know, over the summer the school became eligible for LLC funding for a complete overhaul of the school's boiler system. We have problems with our boiler system for a number of years and we are now extremely grateful for the upgrade. We have also installed artificial grass in our junior playground. For a number of years the uneven surface has caused a number of injuries to our children during the winter months. As an extremely active healthy school this addition is most welcome. The children absolutely love it.

Year 7 Open Evening Information for Year 6

Once again many thanks for your continued trust and support. My door is always open.

Warm regards

Mr. Chris Willan
