Fab Footballers!

I think it is fair to say that our Year 5/6 football team have been excellent this week (much better than the England squad 😊) Last Friday they won their matches and were invited to play in the finals which happened on Wednesday. After a couple of tight games, and a few draws, all the teams had to compete in a penalty shoot out. Unfortunately (and in typical England style) we lost and came third in the tournament. ALL of the children behaved remarkably and demonstrated great sportsmanship and respect. Well done Team Water!

WATER SCHOOL

Reminders

If you would like your child to receive snack, please could you remember to pay on parent pay.

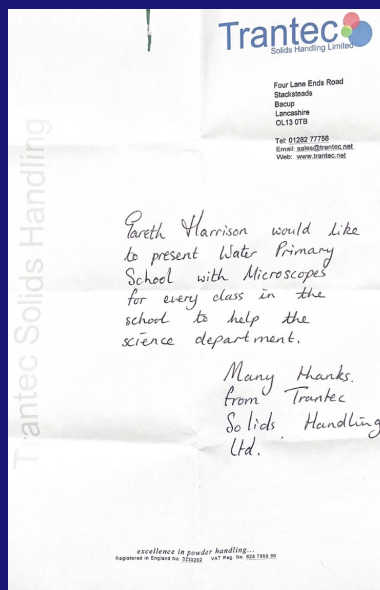

Thank You!

We would like to say a huge thank you to Gareth Harrison and the team at Trantec Solids Handling Ltd who kindly donated many microscopes to school. They spent their time and effort in researching the best microscopes for each child and age group to use as well as getting some to use at forest school. Your Kindness really is appreciated. We can't wait to start using them in our Science lessons!

Donations are always appreciated, especially in the current climate. If you have a business and would like to contribute to resources for our school, please do not hesitate to get in touch!

Young Leaders

Each new school year, our year 6 children have the opportunity to apply to be the schools next head and deputy head boy and girl. Over half of our year 6 children stood in front of the whole school to confidently explain why they feel they should represent our school. Each class voted and we would like to say a huge congratulations to Mikey and Sophie who will be our next head boy and head girl and to Elliott and Georgie who will be our deputies. Their first job was to help in today's good news assembly.

Harvest

Next Friday is our annual Harvest Festival. This year we are going to Lumb Baptist Church. The service will start at approximately 10:00 a.m. We hope to see you there!
