Dear Parent/Guardian

I just wanted to write to make sure you are all ok and safe. I know there will be families, who have been affected by this virus in terms of illness, or losing someone who is close to them. My heart, thoughts and prayers are with you. Please stay strong and we are here for you. Please do not hesitate to contact me for help, advice and comfort.

Home Learning packs have now been completed and are ready for collection this Monday. I have messaged all parents with your collection times. Please note if you have siblings then please choose the earlier collection time. If you are struggling with collection for any reason then I can drop the packs off at your home. Just let me know. If you are running out of stationary, we are more than happy to help with this.

Before the partial closure I sent out an ICT survey, please let me know if you need any help with equipment or technology issues. We have the help of ICT consultants who can help with these matters, so please do get in touch. We do have spare iPads which again can be borrowed if needs be. Similarly, if you are short of sports equipment then again please let me know. Most of our equipment is not being used at the moment and I would much rather this be used, if you are short in this respect whether it be cones, football, tennis balls etc. then please get in touch.

The Government has stated that the country will be in lockdown for an additional three weeks at least. The Home Learning packs are for the next two weeks, the staff will plan a further week of activities during the next two weeks for the end of this current lockdown period. Hopefully we will have a clearer picture for the future during this time and I will of course keep you updated with news.

As mentioned in previous correspondence, please don't stress or be anxious about home schooling. It is only there if you require the structure and a timetable. The staff will be updating their home learning pages on the website with online resources to help. **There is, however absolutely no expectation from us for the learning to be completed or sent to SeeSaw.** Try and remain calm, share you strength and laughter with your children. No children will be ahead, no children will be behind, they are exactly where they need to be. It is our job to fill any gaps when normality returns.

Please take care and stay safe.

Mr Willan
