Headteacher: Miss E. McKay

Dear Families and Children,

Welcome back to another exciting year at Water Primary School! I am certain this year will be just as eventful and jam-packed as last year!

For those of you who haven't met me before, my name is Mrs Baker. I am the Family Support Worker for Water Primary School. My role includes supporting children with their emotional health and well-being here at Water Primary School and just being an open ear and a friendly face. I can also deliver targeted support for children when they need it, for things such as anxiety, low confidence/self-esteem, transitioning to high school, bereavement and so much more.

I am also lucky enough, that I get to spend time with your children supporting them with their learning on a daily basis, which helps me get to know all children and build positive relationships with them.

I am also here to help parents and families in any area of support they may need. That might just be someone to talk to, or it might be that you need advice on local services in the area who can support you further. I am here to talk about anything relating to you and your children, whether that be mental health, boundaries and behaviours at home, emotional health and well-being, housing and much, much more.

I have been given the opportunity to host a drop-in afternoon at Water Primary School for parents to pop in and have a chat. Whether that be for advice, guidance, or just to chat and talk about how long the 6-week holidays can be! The drop-in afternoon will be held on Friday, 13th September from 13:15 until 14:30. Please call 01706 216414 to confirm your place. It would be great to get to know you all a little better, and remember I am here if you need a chat.

Regards

Mrs Baker
Family Support Worker
