Headteacher: Miss E. McKay

Thursday 19th December,

Dear Families,

I would like to take this opportunity to express my sincere gratitude for your understanding and support during the past term regarding Mrs Smith's absence from school. I am sure you would agree that both Mrs Edington and Miss Kellar have been exemplary in delivering outstanding provision to your children. All children have made exceptional progress and I am so pleased that our new Reception children, fully embraced the start of their journey at Water Primary School.

I am writing to provide you with an update on the current situation regarding Mrs Smith's absence as well as some changes to our staffing arrangements. Regrettably, Mrs Smith is still not well enough to return to school, and I am certain that you will join me in wishing her well during this challenging time. Miss Kellar, has been a valuable support to Acorn class and Mrs Edington; however (unfortunately for us, but very fortunate for Miss Kellar) she is going travelling after the Christmas break.

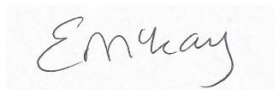

In light of this, I am delighted to share that we have successfully recruited a new teacher, Mrs Natalie Turner, who brings over ten years of experience in both Early Years and Year 1. Mrs Edington will lead Acorn Class on Mondays and Tuesdays, while Mrs Turner will lead the class on Wednesdays, Thursdays, and Fridays.

Please rest assured that we are fully committed to ensuring that your children's education remains unaffected by these changes. I understand that periods of transition can be worrying, but I would like to emphasise how resilient and hard-working your children are, they are true ambassadors of Water Primary School, and I am confident they will continue to thrive in Acorn Class.

I will make every effort to keep you informed regarding any developments concerning Mrs Smith's return as soon as I receive any further information.

Once again, I truly appreciate your ongoing support, and I wish you all a wonderful Christmas break.

Yours Sincerely

Miss Elizabeth McKay
Headteacher
